| The SPAWAR Office of Small Business Programs (OSBP) is the point of contact for all information contained herein and can be reached at SPAWARSBO@navy.mil. | | | | | | | | | | | | |
| **DISCLAIMER** United States Code Title 15, Section 637(A) (12) (C), requires the Department of the Navy (DoN) to prepare a three year forecast of expected contract opportunities and make the forecast available to small businesses. We fulfill this requirement by publishing this Long Range Acquisition Forecast (LRAF) on the SPAWAR OSBP website and updating the information on an annual basis. The LRAF contains the known SPAWAR requirements (valued at \$150K or more, excluding MAC IDIQ TO Awards other than SEAPORT.). The forecast is informational only and does not constitute an offer or commitment by the Navy to fund, in whole or part, the opportunities referenced herein. This listing is not all inclusive and is subject to change. Vendors shall not contact any contracting or technical personnel regarding this information and all inquiries shall be submitted to SPAWARSBO@navy.mil. | | | | | | | | | | | | |

|-----------|------------------------------|--------------------|------------|----------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|-----------------------------------------|-------------------------------------|--------------------------------|------------------------------------|---------------------------------|-----------------------|
| PEO C4I | PMW 760 | Headquarters | NMP | NAVY MODERNIZATION PROGRAM / SOLICITATION # TBD | The management, engineering, design and technical support to ensure acquisition and installation milestones and installation deliveries are tracked, met and approved i.e.: Facilitate and coordinate the development of Ship Change Documents (SCD), review and approve Installation Control Drawings (ICD), and Installation Requirements Drawing (IRD) and validated/provide Quality Assurance (Q/A) on Ship Installation Drawings (SIDS). | >\$5M -\$10M | FY14Q4 | FY15Q2 | Small Business Set Aside | KES | N00178-05-D-4420-NS01 | SEAPORT-e |
| PEO C4I | PMW 750/760 | Headquarters | EPIC | ENTERPRISE PLATFORM INTEGRATION CONTRACT / SOLICITATION # TBD | Integration, engineering, procurement, fabrication, assembly, test, inspection, delivery, and limited installation of integrated C4I capabilities aboard new construction ships. This contract will support various Navy and other United States Government shipbuilding programs. These programs require integrated C4I capabilities to provide robust communications for operations, maritime and flight safety. These programs require integrated information from various communications links and sensors. The integrated capabilities will provide a given command or ship an extension of the tactical horizon, provide threat indications and warnings. These capabilities will also provide tactical threat analysis and the capability to target the indicated threat entities. The integrated capability is made up of distributed systems that provide network capabilities, communications, command and control, intelligence, and non-tactical data. Scope of work includes: Resource Planning, Platform System Engineering, Platform Logistics Package Build-up, Manufacturing Engineering, Integrated C4I Test Development & Support, Material Specification Management, Configuration Management, Trade Studies, Gap Analyses, Human Systems Integration (HSI), Rack Integration/Assembly... | >\$50M -\$100M | FY14Q2 | FY16Q2 | TBD after Market Research | BAE | N00039-08-D-0002 | SPAWAR e-Commerce/FBO |

| Claimancy | Program Office / SPAWAR Code | Contracting Office | Short Name | Short Descriptive Title of Contracting Opportunity (to include Solicitation #'s) or TBD if unknown | Requirement Description | Estimated Range | Anticipated Solicitation / RFP (FY/QTR) | Anticipated Contract Award (FY/QTR) | Anticipated Procurement Method | Incumbent Contractor or New Effort | Previous Contract Number or N/A | Solicitation Portal |

| PEO C4I | PMW 770 | Headquarters | JCIDS | JOINT CAPABILITIES INTEGRATION AND DEVELOPMENT SYSTEM / SOLICITATION # TBD | Support the development of JCIDS acquisition documentation. The JCIDS process establishes a validated requirement for a specific capability. This process requires the development of documentation during the various stages of the acquisition process (Technical Demonstration, System Development and Demonstration, and Production and Deployment) to ensure that capabilities are defined in such a way that meet the needs of the intended user and are interoperable. This task will assist the program office in the preparation, review, and processing of JCIDS documents (ICD, CDD, CPD, DoDAF and ISP) through the R3B, and Joint Staff review processes. | >\$5M - \$10M | FY13Q2 | FY13Q4 | Small Business Set Aside | ANSOL | N00178-05-D-4180 NS02 | SEAPORT-e |
| PEO C4I | PMW 770 | Headquarters | CSRR | CONTROL AND MANAGEMENT (C&M) SOFTWARE / SOLICITATION # TBD | Development, integration and test of enhancements, correct deficiencies identified during testing, control the C&M configuration baseline, control the C&M software requirements, prepare software engineering drops, and prepare and test formal software builds. | >\$10M - \$50M | FY13Q1 | FY13Q | Full and Open Competition | Lockheed Martin | N00039-08-D-0001 | SPAWAR e-Commerce/FBO |
| PEO C4I | PMW 770 | Headquarters | SUB HDR | SUB HDR INERTIAL NAVIGATION UNIT (INU)DEVELOPMENT / SOLICITATION # TBD | Develop Inertial Navigation Unit (INU) (formerly Mast Motion Sensors) for the Submarine High Data Rate system. | Below \$5M | FY13Q1 | FY14Q1 | TBD after Market Research | Raytheon | N00039-08-C-0115 | SPAWAR e-Commerce/FBO |
| PEO C4I | PMW 790 | Headquarters | | TELEPHONY VOICE/UCR COMPLIANCE CONTRACT / Solicitation # TBD | Become Defense Information Systems Agency (DISA) Voice and Unified Capabilities Requirements Document (UCR) compliant. | >\$10M - \$50M | Unknown | FY14Q2 | TBD after Market Research | None | N/A | SPAWAR e-Commerce/FBO |

****DISCLAIMER**** United States Code Title 15, Section 637(A) (12) (C), requires the Department of the Navy (DoN) to prepare a three year forecast of expected contract opportunities and make the forecast available to small businesses. We fulfill this requirement by publishing this Long Range Acquisition Forecast (LRAF) on the SPAWAR OSBP website and updating the information on an annual basis. The LRAF contains the known SPAWAR requirements (valued at \$150K or more, excluding MAC IDIQ TO Awards other than SEAPORT.). The forecast is informational only and does not constitute an offer or commitment by the Navy to fund, in whole or part, the opportunities referenced herein. This listing is not all inclusive and is subject to change.
